

WEDNESDAY JUNE 7, 2023 COSMOPHERE DISCOVER SCUBA. AS ALWAYS THANKS TO INSTRUCTOR ROYCE TAYLOR AND DIVE MASTERS STEVE ATKINSON, MITCH LOWRY, AND ANGELA PIRNER FOR MAKING THIS A FUN AND SAFE EXPERIENCE FOR THE KIDS.

WE ALWAYS ENJOY DOING FIRST AID TRAINING FOR THE PRIMROSE CHILD DAYCARE AND PRE-SCHOOL CENTERS.

RAINY AND WET, BUT THAT'S OKAY. WE WERE GETTING WET ANYWAY. THANKS TO INSTRUCTORS MARK ARMFIELD AND RUSSEL COAD ALONG WITH DIVE MASTER MARK SCHWEBKE FOR MAKING THIS A GREAT BEAVER LAKE WEEKEND, DESPITE THE WEATHER.

**ADVANCED Open Water Course**  
Go deeper.

The Advanced Open Water Diver Course (AOW) is the next step in learning advanced skills directly applicable to scuba diving. Frequently, an AOW card is just the ticket to a variety of more sites. For example, we know of several places in the Philippines, Malaysia, Australia, and some wreck sites in Florida who will not let you dive at certain, more advanced sites, unless you have the AOW or above certification. The reason is that the operators don't want to risk putting OW divers into certain advanced level dive conditions such as currents or deep, blue water, environments. They know that PADI AOW certified divers have the skills and experience necessary for such sites.

There are a total of 5 dives necessary to complete the course. The required 2 Core dives are Deep and Underwater Navigation. You can choose the remaining 3 Adventure Dives. This course is for newly certified divers as well as divers with more experience who wish to expand their knowledge and practical skills. Also, if you don't have enough time to complete the full AOW course, the Adventure Diver rating is awarded after completion after any 3 Adventure Dives.

#### Why should you take the Advanced Open Water Course?

Open Water Divers have learned the basics, the "how" of diving. After a few dives, there is a need to expand that dive knowledge and learn practical skills which can increase your enjoyment of diving. Ever surface far away from the boat and have a long swim back? With the Navigation dive, you will learn how to prevent that situation, using compass as well as natural navigational aids to assist in your underwater journey. For deep diving, there are special concerns, and as an Open Water diver, you are certified to dive 18 meters/60 feet. After completing the AOW course, that level is pushed to 30 meters/100 feet.

If you really want to advance your skills and be more comfortable in the water, taking this course is the way to do it. We have openings for OUR Beaver lake trips. Give us a call and schedule your course today!

**AQUALUNG HELIX PRO REGULATOR**  
\$549.00

This 2022 Aqualung presents us with the Helix, a mid-priced regulator, which enjoys very good performance. It represents the DNA of the Aqualung regulators. It is without Question the best option in terms of value for money currently available.

**Scubapro MK11/C370 Regulator**

The Mk11 First Stage Regulator is the perfect choice for the recreational diver who wants the advantage of a diaphragm first stage for use in temperate waters. Diaphragm-based first stages are environmentally sealed so that water cannot enter the inner mechanism. This first stage comes standard with the Thermal Insulating System (TIS), which keeps your first stage from freezing up and malfunctioning in cold water conditions. Additionally, its over-balanced diaphragm first stage design gives you better breathing performance at greater depths.

**PRICED RIGHT AT \$639.00**

**SUUNTO Suunto Eon Core Wrist Dive Computer with Transmitter and USB**

the compact Suunto EON Core is a great dive companion. Key details of every dive are easy to read from the clear color display with large, prominent digits and intuitive menu logic. Read important diving details at a glance from a clear, legible screen. Large numbers and texts with high-contrast colors are easy to see even in murky waters or when diving at night time. Use the new prominent display layout to further highlight critical dive data. This fully-featured and customizable dive computer is a reliable partner while exploring shipwrecks or admiring the colorful marine life.

**NITROX**

WE WILL CUSTOMIZE A NITROX CLASS TO MEET YOUR SCHEDULE. THIS IS A GREAT CLASSROOM ONLY CERTIFICATION

WICHITA METRO SCUBA HEADQUARTERS

WE RECEIVED AN ORDER OF SCUBA TANKS TO MEET YOUR SUMMER SCUBA NEEDS.

**SCUBAPRO MK17 EVO/G260 Regulator**

If you dive deep, dive cold, or often find yourself on silty bottoms or in less-than-pristine waters, the MK17 EVO/G260 is the regulator system for you. The new MK17 EVO is Scubapro's premium high performance balanced diaphragm first stage. Engineered specifically for cold water and harsh environments, its internal components are completely sealed off from the elements so neither water nor pollution can get inside the chrome-plated marine grade brass body to foul the mechanism.

This is considered the work-horse for Public Safety and TEC Divers, but why should they get the good stuff when you deserve the best.

**\$928**

**apeks AQUA LUNG XT50**

The Apeks XT50 Regulator is what you're looking for in a top of the line regulator, at a reasonable price. The Apeks XT50 is designed to handle every diving condition you could put it through. It can even be changed from right hand to left hand use, by an authorized technician. You can change out the exhaust tee from a wider tee for minimal bubbles, great for photography, or a more narrow exhaust tee for a smaller more compact regulator. Apeks XT50 features:

- An over balanced diaphragm design first stage that is environmentally sealed
- Four medium pressure ports, with optional fifth
- Easily converts from right hand to left hand, by factory authorized technician
- Pneumatically balanced second stage
- Diver changeable exhaust tee
- Nitrox compatible

**\$720.00**

**SHERWOOD SCUBA WISDOM 3 COMPUTER**

**RETAIL \$945 ...OUR PRICE \$825**

**AQUALUNG i200C WRIST COMPUTER**

The i200C is an intuitive, sporty computer with an easy versatility. The i200C has Bluetooth capabilities. It has 4 operating modes, a user-changeable standard battery, the ability to easily switch between 2 Nitrox mixes, as well as no restriction switching between Free & Dive, it adapts to you. Air, Nitrox, Gauge (with run timer), and Free Dive (tracks calculations to allow unrestricted switching between Dive and Free).
