The Starfish Swim School® Family of Brands

**OUR SWIM SCHOOL IS NOW OPEN. WE ARE TAKING STUDENTS FOR THE JANUARY AND FEBRUARY CLASSES.**

**Curriculum**

The innovative and learner-focused curriculum uses an “ages and stages” format so that you can offer swim lessons across the lifespan to a broad range of interests. You choose the programs to offer that are best suited to your situation and needs.

The Starfish Swim School program for pre-school, youth and adult students develops a foundation of swimming and safety skills with a focus on self-rescue: trust and submersion body positions and air recovery (includes rollover to back for air recovery) forward movement and direction change rotary movement (transitions from rollover to side position for air recovery) integrated movement age-appropriate safety skills such as asking permission, wearing a lifejacket, using flotation to make an assist, treading water, and inflatable float.

The Starfish Stroke School for youth and adult students develops effective swim technique and endurance for:

- Freestyle
- Backstroke
- Butterfly
- Breaststroke

Star Fun & Fitness provides eight different activity templates for scouts, homeschoolers, birthday parties, camps, after-school care, and school groups. The activities range from water safety through fitness training - with everything aquatic in between! There is also a water safety classroom presentation for outreach efforts.

Safety Training and Aquatic Rescue (STAR) is a practical and effective community water safety course that can be customized to the needs of the audience. The training is ideal training for parents/caregivers, child care personnel, foster families, and anyone who supervises or may have to help others in, on or near the water. STAR may be provided completely in person by your staff, or you can purchase online courses for distribution to your audience and provide an online or blended course.

We are working towards the goal of also being an “Aquatic-Fitness Center.” We hope to offer water aerobics, water walking programs, arthritis aquatic exercise, along with many more similar programs.

**AQUA LUNG**

**HELIX PRO REGULATOR \$549.00**

This 2022 Aqualung presents us with the Helix, a mid-priced regulator, which enjoys very good performance, undoubtedly above expectations.

It represents the DNA of the Aqualung regulators. It is without question the best option in terms of value for money currently available.

The Helix Pro version has two added features:

Aqualung's patented SDS system, technology that protects the first stage from accidental entry of water or dirt even when the regulator is not under pressure.

And sealed ambient pressure chamber, suitable for cold and/or polluted waters.

**Scubapro MK11/C370 Regulator**

**SCUBAPRO**  
 LWATEC PROFESSIONAL DIVING EQUIPMENT

The MK11 First Stage Regulator is the perfect choice for the recreational diver who wants the advantage of a diaphragm first stage for use in temperate waters. Diaphragm-based first stages are environmentally sealed so that water cannot enter the inner mechanism. This first stage comes standard with the Thermal Insulating System (TIS), which keeps your first stage from freezing up and malfunctioning in cold water conditions. Additionally, its over-balanced diaphragm first stage design gives you better breathing performance at greater depths.
