**MAKE EVERY WEEKEND A DIVE WEEKEND**

**PADI DISCOVER SCUBA**

**SCUBA REVIEW—OR JUST COME AND PLAY**

**AMBER WAVES DIVING AQUATIC CENTER POOL**

**SATURDAY DECEMBER 21, 2024**

**Why PADI Scuba Review?**  
Are you a certified diver, but haven't been in the water lately? Are you looking to refresh your dive skills and knowledge? Are you a PADI Scuba Diver and want to earn your PADI Open Water Diver certification? If you answered yes to any of these questions then PADI Scuba Review is for you.

**What do I need to start?**  
Hold a scuba certification  
Minimum age: 10 years old

**What will I do?**  
First, you'll review the safety information you learned during your initial training. Then, you head to the pool to practice some of the fundamental scuba skills

**How long will it take?**  
A couple of hours

**What will I need?**  
If you don't have your own gear you will need to rent gear.

**I don't want a review, but I want to play?**  
No problem, Just sign up and come play in the pool for a couple of hours....we want you diving!

- \$100.00 for a Refresher (includes instructor fee, gear rental and pool fee)
- Just want to play but you don't have gear \$25.00 pool fee and Full gear rental 50% off. Total \$50 plus tax
- Have all your gear but just want to play? \$25.00 plus tank and weight rental (we don't allow personal tanks in the pool).

**STARTS AT NOON**

**CALL TO RESERVE YOUR SPOT**

**AMBER WAVES DIVING REPAIR CENTER**

Properly functioning gear is crucial  
Your safety depends on it. That's why we are the best technicians in the business to service your gear.

**What to expect**

We have certified technicians that always follow manufacturer guidelines. Consistent and thorough, we examine every part of your gear. We're always on the lookout for wear and corrosion, immediately swapping out anything worn or damaged. We want your next dive to be your best dive!

**EQUIPMENT SPECIALIST DIVER**

**PADI EQUIPMENT SPECIALTY COURSE...IS IT WORTH IT?**

Don't miss a dive due to a scuba gear issue. Whether it's a blown O-ring, regulator problem, wetsuit tear or a broken fin strap, you can learn how to manage basic scuba equipment adjustments.

As a PADI Equipment Specialist, you are prepared for the basic scuba equipment maintenance, care and adjustments you'll encounter every day. In addition, you'll learn interesting background information about how your gear works, how it's repair and other information that helps you with your equipment investment.

Additionally, if you don't already have your PADI Advanced Certification, this course counts as one of your dives. More importantly this course counts toward a specialty needed for your Master Scuba Diver Certification.

**PADI Equipment Specialty - How does it work?**

To enroll in the PADI Equipment Specialty certification in Bali, you must be a PADI Scuba Diver (or qualifying certification from another organization). No dives are required, so you can take the Equipment Specialist course any time of the year.

With the PADI equipment specialty course you will come to our dive center where our Instructor will go through the following with you:

- Review the theory, principles and operation of scuba diving equipment
- Learn about routine, recommended care and maintenance procedures, and equipment storage
- How to overcome common problems with equipment and recommended professional maintenance procedures (may include a demonstration of repair procedures).
- Gain simple suggestions for comfortable equipment configurations and an introduction to new gear (may include optional confined water dive to try new gear (unfamiliar equipment).

**PADI Equipment Specialty - Where will I dive?**

The PADI Equipment Specialty course is a non-diving specialty course which means that there are no dives included in the course.

**CALL TO SCHEDULE YOUR COURSE— 316-775-6688**

**AQUA LUNG**

This 2022 Aqualung presents us with the Helix, a mid-priced regulator, which enjoys very good performance, undoubtedly above expectations.

It represents the DNA of the Aqualung regulators. It is without Question the best option in terms of value for money currently available.

The Helix Pro version has two added features:

Aqualung's patented ACD system, technology that protects the first stage from accidental entry of water or dirt even when the regulator is not under pressure.

And sealed ambient pressure chamber, suitable for cold and/or polluted waters. \$649.00

**SCUBAPRO MK19 EVO/G260 REGULATOR**

THE MK19 EVO/G260 REGULATOR IS PERFECT FOR ANY CONDITIONS, ESPECIALLY THOSE WHO DIVE DEEP, IN COLD WATER, OR IN SILTY ENVIRONMENTS. THIS SYSTEM IS IDEAL FOR HARSH CONDITIONS, MAKING IT A TOP CHOICE FOR TECH DIVERS AND CAVE EXPLORERS. THE COMPACT MK19 EVO IS FULLY SEALED, ENSURING TROUBLE-FREE OPERATION IN COLD OR MURKY WATERS. THE G260 IS A HIGHLY IMITATED AIR-BALANCED SECOND STAGE WITH METAL COMPONENTS AND A LEFT-RIGHT HOSE ATTACHMENT OPTION, MAKING IT EXCELLEN FOR TECH DIVING SETUPS AND A CONSISTENT TOP PERFORMER. \$1,064.00

**Scubapro MK11/C370 Regulator**

The Mk11 First Stage Regulator is the perfect choice for the recreational diver who wants the advantage of a diaphragm first stage for use in temperate waters. Diaphragm-based first stages are environmentally sealed so that water cannot enter the inner mechanism. This first stage comes standard with the Thermal Insulating System (TIS), which keeps your first stage from freezing up and malfunctioning in cold water conditions. Additionally, its over-balanced diaphragm first stage design gives you better breathing performance at greater depths.
