### PADI PEAK PERFORMANCE BUOYANCY SPECIALTY COURSE

You've all seen those divers. You know – the ones who seem to move through the water without the slightest effort. Those scuba divers are neutrally buoyant, which means they don't sink or float while diving. Achieving neutral buoyancy is no easy feat, which is why divers who have mastered the skill stand apart from the others. If you want to become neutrally buoyant and become a better scuba diver, take the PADI Peak Performance Buoyancy specialty course.

### ADVANCED OPEN WATER COURSE

The Advanced Open Water Diver Course (AOW) is the next step in learning advanced skills directly applicable to scuba diving. Frequently, an AOW card is just the ticket to diving at a variety of more sites. For example, we know of several places in the Philippines, Malaysia, Australia, and some wreck sites in Florida who will not let you dive at certain, more advanced sites, unless you have the AOW or above certification. The reason is that the operators don't want to risk putting OW divers into certain advanced level dive conditions such as currents or deep, blue water, environments. They know that PADI AOW certified divers have the skills and experience necessary for such sites.

There are a total of 5 dives necessary to complete the course. The required 2 Core dives are Deep and Underwater Navigation. You can choose the remaining 3 Adventure Dives. This course is for newly certified divers as well as divers with more experience who wish to expand their knowledge and practical skills. Also, if you don't have enough time to complete the full AOW course, the Adventure Diver rating is awarded after completion after any 3 Adventure Dives.

#### Why should you take the Advanced Open Water Course?

Open Water Divers have learned the basics, the "how" of diving. After a few dives, there is a need to expand that dive knowledge and learn practical skills which can increase your enjoyment of diving. Ever surface far away from the boat and have a long surface swim back? With the Advanced Open Water Diver Course, you will learn how to prevent that situation, using compass as well as natural navigational aids to assist in your underwater journey. For deep diving, there are special concerns, and as an Open Water Diver, you are certified to dive 18 meters/60 feet. After completing the AOW course, that level is extended to 30 meters/100 feet.

If you really want to advance your skills and be more comfortable in the water, taking this course is the way to do it. We have openings for the Beaver lake trip. Give us a call and schedule your course today!

### Divi Flamingo Beach Resort & Casino

Immerse yourself in fifty shades of blue at our spectacular oceanfront resort conveniently located just minutes from the airport and a 5-minute walk to town. Colorful and laid-back, this water-lover's paradise offers two sparkling pools, a day spa and fitness center, weekly activities, delicious dining, an intimate casino, and an award-winning PADI five-star dive operation with a fleet of six dive boats, private dive lockers, a dive shop with equipment rental, and a famed house reef you can explore 24/7.

WE ARE VERY SAD AND SCHOCKED TO INFORM OUR DIVE COMMUNITY THAT INSTRUCTOR NEAL GARRETT PASSED AWAY WEDNESDAY FROM A TRAGIC ACCIDENT. WE KINDLY MISS HIS SMILES AND KIND WORDS. HE TOUCHED MANY LIVES IN A POSITIVE MANNER AND SACRIFICED MUCH DUE TO HIS MILITARY SERVICE WHICH COMPRISED FOUR COMBAT DEPLOYMENTS IN THE MIDEAST.

**We're all just one accident, one diagnosis, one unexpected phone call away from a completely different life.**

**Stay humble and don't take anything for granted.**
