WHERE THE PRAIRIE MEETS THE SEA

To unsubscribe click [here](#)

We enjoyed a great weekend of SCUBA Instruction. Thanks goes out to Instructor Emmanuel Dhoop and Assistant Instructor Craig Chizek for their attention to detail and safety.

Super Bowl Sunday First Aid Training. These graduates were certified in First Aid-CPR-AED and still had time to watch the game.

Perfect Your BUOYANCY

The Apex XTX50 Regulator is what you're looking for in a top of the line regulator, at a reasonable price. The Apex XTX50 is designed to handle every diving condition you could put it through. It can even be changed from right hand to left hand use, by an authorized technician. You can change out the exhaust tee from a wider tee for minimal bubbles, great for photography, or a more narrow exhaust tee for a smaller more compact regulator. Apex XTX50 features:

- An over balanced diaphragm design first stage that is environmentally sealed
- Four medium pressure ports, with optional fifth
- Easily converts from right hand to left hand, by factory authorized technician
- Pneumatically balanced second stage
- Diver changeable exhaust tee
- Nitrox compatible

\$749.00

The MK19 EVO/G260 regulator is perfect for ANY CONDITIONS, especially in cold water, or in silty environments. This system is ideal for divers in cold, making it a top choice for tech divers and cave explorers. The compact, MK19 EVO is fully sealed, ensuring trouble-free operation in cold or murky waters. The G260 is a highly balanced air-balanced second stage with metal components and a left/right hose attachment option, making it excellent for tech diving and a consistent top performer. It is simply the best.
